Implementation Plan for Regulation of Power Supply (RPS)

To: M/s. ESSAR STEEL INDIA LIMITED (ESIL), Hazira

By: Power Grid Corporation of India Ltd.

Message No.: WRLDC/MO/RPS/PG-ESIL/2018

Date: 15.05.2018

Table 1: Summary of Implementation Plan

1. Regulating Entity:	Power Grid Corporation of India Ltd. (Transmission Licensee)
2. Regulated Entity:	M/s. ESSAR STEEL INDIA LIMITED (ESIL), Hazira
3. Regulation Notice:	WR-I:Comml: ESSAR dated 23.04.18, WRTS-I: Comml/Nagpur dated 02.05.2018, WRTS: Comml/Nagpur dated 14.5.18
4. Date & Time for Commencement of Regulation & STOA denial u.s. 25A	From 00:00 hours of 17.05.2018
5. Effected drawee entities due to Regulation and STOA denial u.s. 25A	M/s. ESSAR STEEL INDIA LIMITED (ESIL), Hazira
6. Quantum of Power Regulated	Any Quantum of power applied by ESIL, Hazira under Short Term Open Access (STOA)
7. Source of Power	Any Source applied by ESIL, Hazira under STOA
8. Period of Regulation	Till Liquidation of outstanding transmission charges OR any further notice by the Regulating Entity
9. Relevant Clause of CERC Regulation(s)/ Order (s)	<ol style="list-style-type: none">1. Regulation 10 of CERC (Regulation of Power Supply) Regulations 2010 dated 28.09.2010 read with Corrigendum No. L-1/42/2010-CERC issued on 05.09.112. Hon'ble CERC Order dated 02.09.2015 in Petition No 142/MP/2012 on invocation of Regulation 25A of Open Access Regulation for wilful & consistent default in payment of transmission charges

Scheme of Regulation:

1. Back ground :

- a. Power Grid Corporation of India Ltd (POWERGRID) had proposed Power Supply Regulation w.e.f. 05.05.2018 from M/s. ESSAR STEEL INDIA LIMITED (ESIL), Hazira, a Regional Entity Buyer/drawee entity in Western Region located in Gujarat. Implementation plan was prepared by WRLDC to impose this regulation w.e.f. 00:00 hours of 06.05.2018 which was deferred by POWERGRID vide its email dated 05.05.18.
- b. POWERGRID vide its notice (email) dated 14.05.18 (17:15 hrs) has requested to impose Power Supply Regulation on M/s. ESSAR STEEL INDIA LIMITED (ESIL), Hazira. Accordingly, this Regulation of Power Supply shall be effective from 00:00 hrs. of 17.05.2018.
- c. This implementation plan has been prepared in line with the CERC order dated 02.09.2015 in petition no 142/MP/2015 which allows for concurrent imposition of Regulation of Power supply and Regulation 25A of Open Access Regulations in case of default in payment of transmission charges. Further, it has been clarified by the Hon'ble Commission (at Para-55 of the above order) that :
"....where a transmission licensee resorts to regulation of power supply, denial of open access under Regulation 25A of Open Access Regulations shall be triggered from the date of commencement of regulation of power supply under RPS Regulations"
- d. Accordingly Regulation 25A of the CERC (Open Access in inter-state transmission) Regulations-2008 (and subsequent amendments) will be invoked to deny short term open access (STOA) to the regulated entity i.e. M/s ESIL, Hazira with effect from 00:00 hours of 17.05.2018.
- e. POWERGRID has submitted through an affidavit to indemnify, defend and save the SLDC, RLDCs (WRLDC & SRLDC in the instant case) harmless from any and all damages, losses, claims and actions, demands, suits, recoveries, cost and expenses, court costs, attorney fees, and all other obligations arising out of or resulting from the regulation of power in terms of the regulations to its procurers listed at 1(a) above. This indemnification is in line with section 5 of the CERC (Regulation of Power Supply) Regulations and paragraph 13.9 of the Statement of Reasons for these regulations.

2. Regulation:

This regulation will be effected from **00:00 hrs. of the 17.05.2018**. The regulation shall continue as stated at Table-1 above under the field "**Period of Regulation**" or up to an earlier date if default is rectified which would be communicated by the regulating entity to WRLDC in line with the CERC Regulations/order. The regulation will be implemented by reducing the scheduled power to ESIL Hazira and injection schedule of corresponding generator/seller as per Table-1. All sellers/generating stations presently selling power to ESIL Hazira under STOA shall have to take note of this Implementation Plan & act accordingly.

Procedure:

- i) As per the existing procedure WRLDC, has been facilitating the scheduling of power to ESIL Hazira under Short Term Open Access.
- ii) In view of the Regulation of Power & Imposition of Regulation-25A of Open Access Regulations, the power scheduled to ESIL Hazira will be ZERO with effect from 00:00 hours of 17.05.2018.
- iii) Accordingly no STOA Application with ESIL as a drawee OR injecting entity will be processed & approved by WRLDC.
- iv) The corridor released due to Regulation of Power Supply shall be considered for STOA approvals on day ahead / contingency basis to entities other than ESIL Hazira as per the extant regulations of Hon'ble CERC.

3. Grid Security Aspect:

WRLDC and all other RLDCs would closely monitor the system parameters during the period of power supply regulation / denial of STOA to ESIL Hazira and would take prompt action to maintain the grid parameters within safe limit. In case of overdrawal by the defaulting entities, prompt action would be taken to curtail the overdrawal for safe operation of the grid. All the entities including regulating and regulated would take prompt action in respect of grid security and on receipt of any instruction from RLDCs/SLDCs. WRLDC may defer this implementation plan for regulation of power supply in case of any grid security related issue in line with Regulation 11(2) of the CERC (Regulation of Power Supply), Regulation, 2010.

4. Power Supply to essential services:

All RLDCs and SLDCs will ensure that power supply to sensitive/important installations like defense, mines, medical, water-supply, aviation, railways, installations of national importance etc. are not affected on account of this regulation and denial of STOA. Further RLDCs/SLDCs shall ensure that there is no impact, if any, on international agreements and other sovereign obligations due to this regulation and denial of STOA.

5. Deferment / Withdrawal of regulation:

Regulating Entity proposing to withdraw / postpone the regulation, shall inform at least **two days** prior to the proposed day of withdrawal or postponement of such regulation as per the regulation 9 of CERC regulations.
